## Portable Secondary Laptop Monitors

Each SKILCRAFT Mobile Pixels Portable Monitor is a dual-screen laptop accessory that makes multitasking effortless. The portable monitor complements mobile work, entertainment on the go and everything in between

Presentation

Portrait

Kickstand

Each monitor offers the same features and capabilities. The two sizes of the Portable Monitor provides a portable productivity solution for a majority of all laptop sizes offered in the federal market.

## Kickstand for Portable Monitors

Attach it to your SKILCRAFT Mobile Pixels Monitors. You can now use it as a second screen by placing it on the surface next to your laptop.
